

Monday, March 11, 9:00 – 12:00

SC1: Impurities: Measurement, Characterization and Impact

SC2: Bioassays for Innovators and Biosimilars: For Release Testing, Stability and Comparability

Monday March 11 Afternoon

Tuesday March 12 Morning

Tuesday March 12 Afternoon

PART ONE

Analytical Characterization
for Biotherapeutics

Wednesday, March 13, 5:30 – 8:30

Dinner SC3: Implementation of Quality by Design

Dinner SC4: Strategy for Entering the Biosimilars and Biobetters Market

Wednesday March 13 Morning

Wednesday March 13 Afternoon

Thursday March 14 Morning

PART TWO

Comparability for Change
Implementation and for Biosimilars

Thursday, March 14, 1:30 – 4:30

SC5: Comparability Protocols for Innovator Products and Biosimilars
