

March 4-8, 2019 | Westin Alexandria | Alexandria, VA

# Biotherapeutics Analytical Summit

Empowering Innovation with the Right Tools and Techniques

## EVENT AT-A-GLANCE

	March 4-5 (Mon-Tue)	March 5-6 (Tue-Wed)	March 7-8 (Thu-Fri)
<b>Conference Programs</b>	<b>Method Development Qualification &amp; Validation</b> 	<b>Advances in Characterization Methods &amp; Approaches</b> 	<b>Comparability &amp; Analytical Similarity</b> 
<b>Training SEMINARS</b> <small>By Cambridge Healthtech Institute</small>	<b>Characterizing Aggregates &amp; Impurities</b> 	TS1: Core Principles and Best Practices for Biotech Analytical Test Methods Across the Product Lifecycle  TS2: Monitoring and Control of Particulates, From Aggregates to Visible Particles	TS3: Rational Approaches to Biologics Formulation and Delivery
<b>Short Courses</b>	Tuesday, March 5 (6:30-9:00 pm - Dinner)  SC1: Particles in Biotherapeutics: Characterization & Impact  SC2: Bioassay Design, Analysis and Specifications	Thursday, March 7 (6:00-8:30 pm - Dinner)  SC3: Critical Quality Attributes and Testing Strategy for Biotherapeutics Development  SC4: Advanced Analytical Technologies for Developability and Early Formulation Assessments
