11th Annual Biotherapeutics Analytical Summit

Empowering Innovation with the Right Tools & Techniques

JUNE 1-5, 2020 | ALEXANDRIA, VA
WESTIN ALEXANDRIA HOTEL

2020 EVENT AT-A-GLANCE

**Conferences**

- June 1-2 (Mon-Tue)
  - C1: Early Analytical Development of Biotherapeutics
  - C2: Impurities & Degradants

- June 2-3 (Tue-Wed)
  - C3: Characterizing Novel Modalities
  - TS1: Practical Strategies for Analytical Method Lifecycle Management for Biological Products
  - TS2: Regulatory Requirements across the Product Development Lifecycle

- June 4-5 (Thu-Fri)
  - C4: Advances in Characterization, Comparability & Similarity
  - SC1: Particles in Biotherapeutics: Characterization & Impact
  - SC2: Advanced Analytical Technologies for Developability and Early Formulation Assessments
  - SC3: Critical Quality Attributes and Testing Strategy for Biotherapeutics Development
  - SC4: Gene Therapy Products: Phase-Appropriate Analytical Development Strategies

**Training Seminars**

By Cambridge Healthtech Institute

Monday, June 1 (6:00-9:00 pm - Dinner)*
- SC1: Particles in Biotherapeutics: Characterization & Impact

Thursday, June 2 (6:00-9:00 pm - Dinner)*
- SC3: Critical Quality Attributes and Testing Strategy for Biotherapeutics Development

* Separate registration required
